Testimonials from the “Getting Smart” Workshop

“The content actually made me re-evaluate my own personal life and choices and how it has impacted on achieving my goals, and why I haven’t yet achieved or worked on those goals”

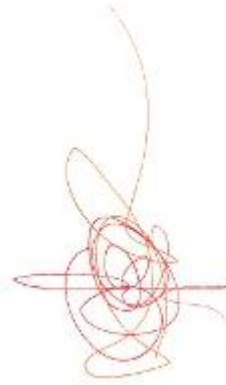

“The content was extremely relevant to the challenges that I am facing”

“Great to hear from people with such excellent industry/business knowledge”

“The presenter seemed to exude confidence and experience and imparted what they knew with clarity and confidence”

“Learning that I can achieve with realistic goal setting”

“This workshop was fantastic! Not only were the topics covered really informative and useful, but the interactive nature of the session allowed business owners to share their ideas and experiences which really added to the benefits I gained from the workshop and provided me with plenty of ideas that I can readily apply to my business. “
